

# STREAMin<sup>3</sup> On-Demand Learning ( Canvas Connect)

## *How to register, enroll, and track your on-demand coursework*

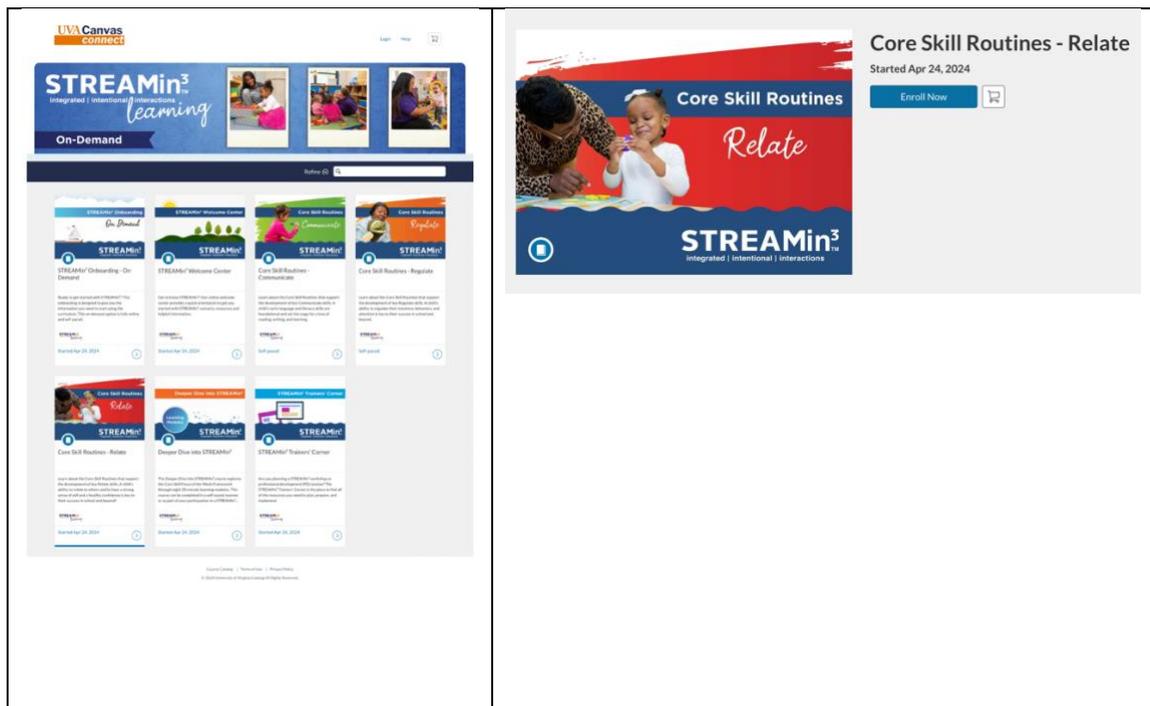

### Steps outlined in this guide:

- How to register/set up an account on the STREAMin<sup>3</sup> On-Demand Learning Center.
- How to enroll in your first course.
- How to set up and use multi-factor authentication.
- How to enroll in additional courses and track your on-demand learning.

### How to register/set up your learning account and enroll in your 1<sup>st</sup> course:

Setting up your learning account and enrolling in your first STREAMin<sup>3</sup> on-demand course typically happen together. The steps below walk you through this process.

1. Go to the STREAMin<sup>3</sup> On-Demand Learning Center (UVA Canvas Connect via Catalog)  
<https://streamin3.connectcatalog.its.virginia.edu/> (Bookmark this URL)
2. Select a course you would like to take.
3. Click “Enroll Now”

4. Before you can enroll, you'll need to **create your account**. Complete the following information.

Do you already have an account? You can skip this step and sign in. Please visit the **Future Visits** section on page 6 of this help guide for more guidance.

## Create an Account

Already have an account? [Sign in here](#)

**Full Name**

Enter Full Name

Privacy - Terms

[Register New Account](#)

5. Once you click **Register New Account**, you will be asked to Enroll in the course you selected.

**ATTENTION: Before doing this**, it's helpful to complete your account registration first and set up your password. Check your inbox for an email with the following subject line:

*Thank You for Registering: STREAMin<sup>3</sup> On-Demand Learning Center*

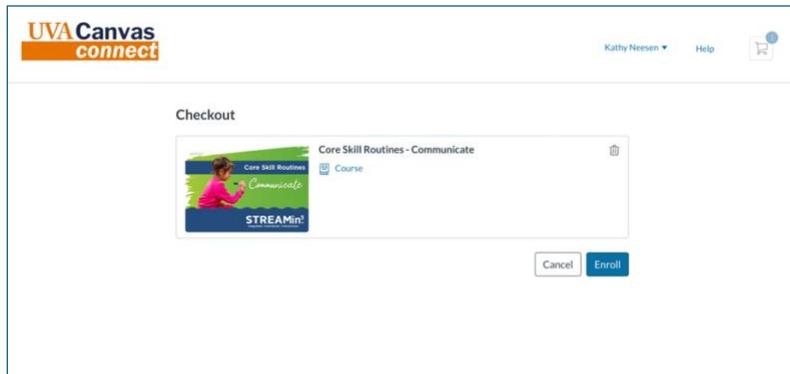

[Complete Registration](#)

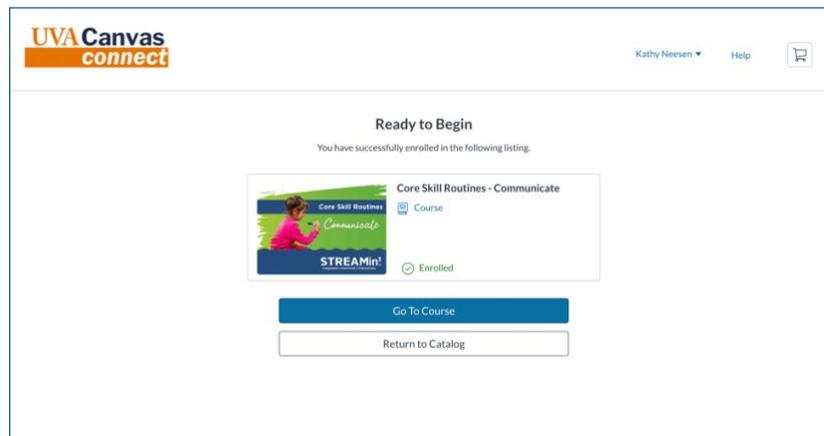

6. Click the **"Complete Registration"** button to set up your password and log into the STREAMin<sup>3</sup> On-Demand Learning Center on Catalog.

7. Now you are ready to move forward and **“Enroll”** in the course you selected.

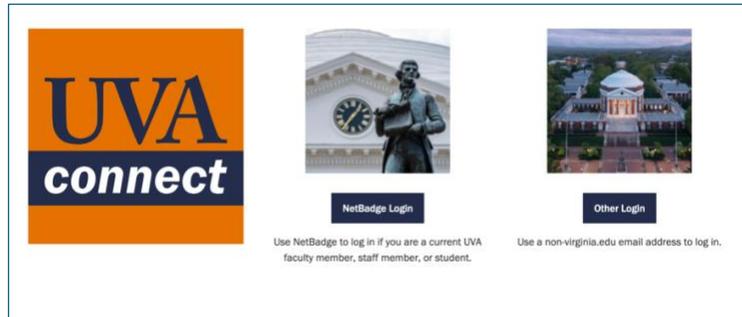

*Please note: Sometimes, you may be sent from the complete registration process to the STREAMin<sup>3</sup> On-Demand Learning Center dashboard on Catalog. Your course listing will not show up yet in the “in progress” list. If this happens, check to see if the course listing is still open in another browser tab, or you can click on the **UVA Canvas Connect logo** to get back to our home page and find the course again.*

8. Click Go To Course. You will be directed to the Canvas Dashboard, where you can start your course experience.

9. Before reaching the dashboard, you may be directed to the Canvas Connect Login Page. If so, select “Other Login” and submit the email and password you just created.

10. During your first or second visit to our learning center, you may be asked to set up a Multi-Factor Authentication. This is a second security screening meant to protect you.
11. To set up Multi-Factor Authentication:
  - a. Submit your cell phone number
  - b. Select your carrier.
12. Click “Send.”
13. Enter the 6-digit Canvas verification code you receive via text. If you are using your own device, you may select “Remember this Computer.”

## What if...

- ...your cell phone carrier not on the list?
- ...your number is an international number?

If the answer is yes to either question, you may experience issues with this method of multi-factor authentication. **Please reach out to us via the STREAMin<sup>3</sup> hotline to set up an alternate option using an app called DUO.**

**You can set up the DUO app option on your own by following these steps:**

<https://its-help.its.virginia.edu/m/120701/l/1772417-how-do-i-configure-multi-factor-authentication-mfa-for-my-non-uva-connect-account>

 **CANVAS**

## Multi-factor Authentication

You are required to set up multi-factor authentication.

Multi-factor authentication increases security by requiring that you have something in your physical possession, in addition to knowing your password, in order to log in to Canvas. This can be a device that can generate verification codes, or a phone that can receive text messages. MFA can be configured by scanning the QR code below using a Time-based one-time password (TOTP) authenticator app on iPhone or Android (ex: Google Authenticator, Microsoft Authenticator, Authy). Other tokens can be configured by entering the secret key **CIO5VJXDWJVRDCTQLCZU4ZMYOD74I2PP**. Once you have configured multi-factor authentication, it is recommended that you go to your profile page and print out a set of back-up codes, in case your normal multi-factor device is unavailable.

Phone Number:

Carrier:

Please enter the verification code shown by your token.

Verification Code:

Remember this computer

### Sharing Your Cell Number

Rest assured, your cell number will not be used or shared in any other way. It will only be used to help keep your online learning account secure. Not comfortable sharing your cell number for this verification process? That's ok. You can reach out to the STREAMin<sup>3</sup> hotline team to set up an alternate option using an app.

**You can set up the DUO app option on your own by following these steps:**

<https://lts-help.its.virginia.edu/m/120701/v/1772417-how-do-i-configure-multi-factor-authentication-mfa-for-my-non-uva-connect-account>

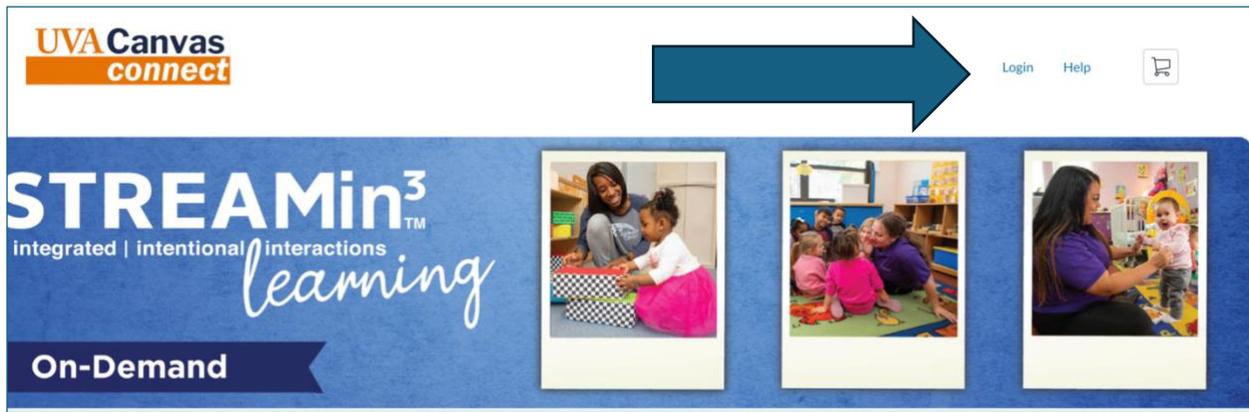

14. **Hooray.** You have reached the Canvas Dashboard and are ready to start your learning journey.

## Future Visits

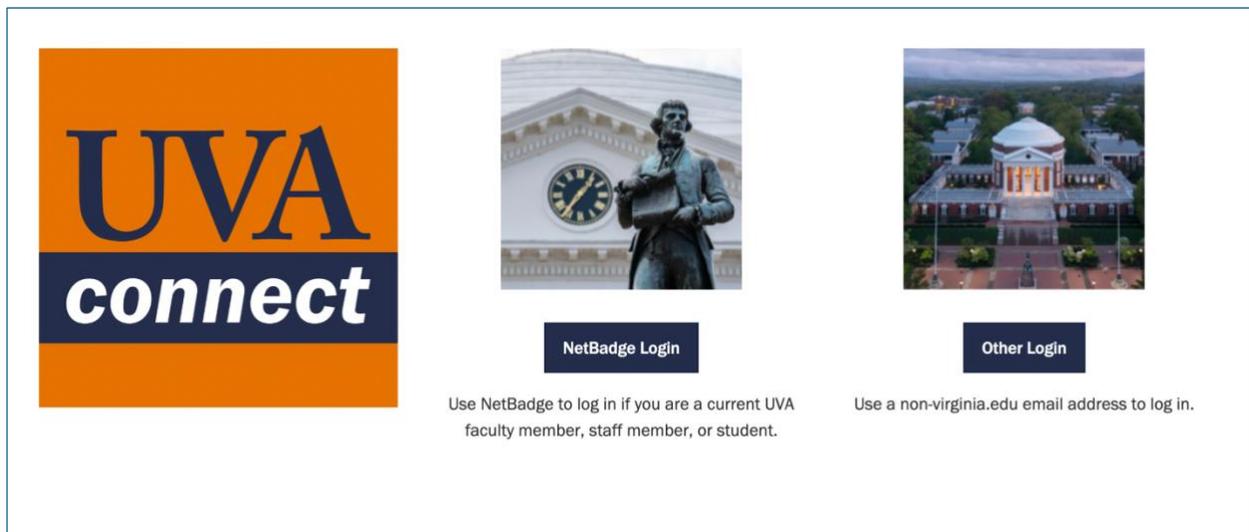

Are you interested in taking another course? Or did you start a course but did finish yet?

### Review the Following Steps:

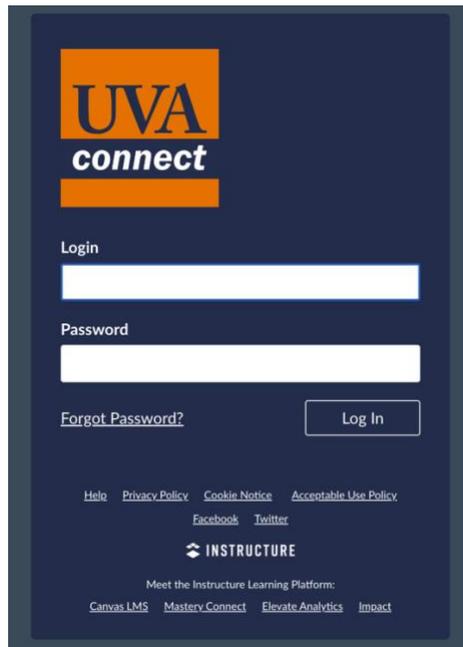

1. Visit: Go to the STREAMin<sup>3</sup> On-Demand Learning Center (Catalog)  
<https://streamin3.connectcatalog.its.virginia.edu/> (Bookmark this URL)
2. Click on **Login** first.

3. You will be directed to the Canvas Connect Login page first. Click on **Other Login**.

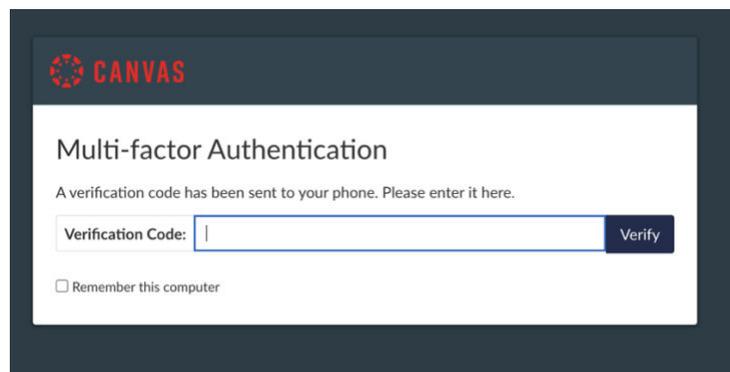

4. **Log in** with your email and the password you created during your initial account set-up. Forgot your password? You can click the **Forgot Password?** Link to reset your password.

The image shows the UVA connect login page. At the top left is the UVA connect logo. Below it are two input fields: one for 'Login' and one for 'Password'. To the right of the password field is a 'Log In' button. Below the input fields is a link for 'Forgot Password?'. At the bottom of the page, there are links for 'Help', 'Privacy Policy', 'Cookie Notice', and 'Acceptable Use Policy', as well as social media links for 'Facebook' and 'Twitter'. The INSTRUCTURE logo is also present, along with the text 'Meet the Instructure Learning Platform:' and a list of products: 'Canvas LMS', 'Mastery Connect', 'Elevate Analytics', and 'Impact'.

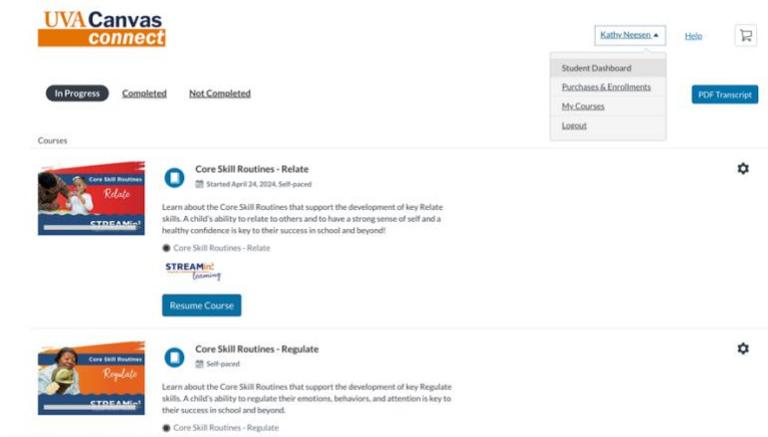

5. Complete the multi-factor authentication. If you are using the cell phone process, a verification code has been sent to you via text. Please enter it here and click **Verify**.

**\*\*If you are using the DUO app, your process will be different than this. Follow alerts from your app/notifications.**

The image shows the Canvas Multi-factor Authentication page. At the top left is the Canvas logo. Below it is the title 'Multi-factor Authentication' and the text 'A verification code has been sent to your phone. Please enter it here.' There is a 'Verification Code:' label followed by an input field and a 'Verify' button. At the bottom left, there is a checkbox labeled 'Remember this computer'.

6. You should be directed back to the STREAMin<sup>3</sup> On-Demand Learning Center Home page or your dashboard.
